

DRAFT: JQR:cw

18 Sept 58

MEMORANDUM FOR: SA/PD/DCI
SUBJECT : Honolulu Visit

1. In keeping with your instructions which we received through Colonel Burke, Operations D/P S/DCI, Security DPS/DCI, and I submit the following actions and proposals for your approval.
2. These are:
 - a. A cable attached to Balmer along with his reply. The sum of this is that the earliest feasible time for the discussions is the latter part of the week of the 22nd.
3. Elaboration of the proposed schedule of discussions which we speak of in paragraph 5 of our cable ([redacted] OUT 83804), we report 25X1A the following:
 - a. Mr. Lundahl will handle the briefing of the TALENT exhibit. I, along with the Air Force and Navy representatives, will bear the principal burden of providing any needed additional explanations regarding procedures and developments re sanitization, reproduction, communications, and requirements bearing upon the current handling of CHICOM materials. The documentation bearing

upon this already exists in approved form either by General Cabell (as in the case of the decision to sanitize) or in implementing actions derived therefrom. Should you wish to inspect these, they will be submitted.

b. We have outlined in an attached paper the principal approach regarding security and operation support arrangements which, as was pointed out in our discussions, tend to go hand in hand and can probably not be entirely separated one from another. However, to clarify our own thinking, these matters are discussed in separate papers.

25X1A

c. A paper which seeks to outline what we understand to be your wishes with regard to the problem of continuing to maintain
